Never be what you're looking for
Never be what you're search most
But I, I still believe in miracle
When I spend the nights alone
I'm wishing for someone like you to come
Just come and sit beside me

What could we be
Make what it last
I don't know that for sure
Maybe I would
Maybe I couldn't anyway
Why don't you tell me

Why is there always someone else
Why is it never you and me
Why is there always someone new
So tell me baby don't you see
I don't want to live without
I just need to get to you
Why don't you tell me
Why is there always someone new

When I see you with a guy
I just turn my head away 'cause I
I don't want you to see me cry
But it hurts inside to see you walk away
Tell me baby is it hard to say
That it's me you want for life

What could it be
Make what it last
I don't know that for sure
Maybe I could
Maybe I wouldn't anyway - hey yeah

Why is there always someone else
Why is it never you and me
Why is there always someone new
So tell me baby don't you see
I don't want to live without

I just need to get to you
Why don't you tell me
Why is there always someone new

What could it be
Make what it last
Maybe I would
Maybe I couldn't anyway - hey yeah

Why is there always someone else
Why is it never you and me
Why is there always someone new
So tell me baby don't you see
I don't want to live without
I just need to get to you
Why don't you tell me
Why is there always someone new

(Why is there always someone else)
Why is it never you and me
Why is there always someone new
So tell me baby don't you see
I don't want to live without
I just need to get to you
Why don't you tell me
Why is there always someone new
(Yeeeeeaaah, someone new)
(Yeah, someone new)
