You are my magical girl
For you I will run like a ten thousand miles away
Cause when you're here with me
I know that we should be
I'll never give you away - yeah
So come on over girl you know you rock my world
I'm gonna see you now baby so let me say

I gave you love, I gave my heart
I gave it all from the start
But you'd never take it
I gave you love, I fell apart
I gave it straight from my heart
All you did was to break it

I know that you shake my mind girl
Don't wanna hear you say you sacrifice
Forever you will be my only fantasy
Now come on let's fly away - yeah

I gave you love, I gave my heart
I gave it all from the start
But you'd never take it
I gave you love, I fell apart
I gave it straight from my heart - hey yeah
(All you did was to break it)

So come on over girl you know you rock my world
I'm gonna see you now baby so let me say

I gave you love, I gave my heart
I gave it all from the start
But you'd never take it
I gave you love, I fell apart
I gave it straight from my heart
Ohh yeahâ€¦

(I gave you love, I gave my heart)
(I gave it all from the start)
(Never take it)
(I gave you love, I fell apart)

(I gave it straight from my heart)
All you did was to break it

I gave you love, I gave my heart
I gave it all from the start
But you'd never take it

I gave it straight from my heart

Hey yeeeah
