I feel closer to you
Every second passing
Hope you feel the same way
I can't tell by asking
There's a wall of reason
There's a well of fear
But you have to trust me
Or we'll never get out of here
Somewhere blue

You were such a cute kid
In the spring's bright light
Now the winter's got you
Even though you fight
Can't you see, you're my friend
You're the only one
There's no time left to waste
Now we have to get out of here
Somewhere blue

And every day I grow bleaker
And every day I get weaker
