Boys, boys be my boy
I wanna feel your body
Boys, boys be my boy
Tonight I'm ready honey
Boys, boys be my boy
I wanna be your lovergirl
Be my loverboy

Hot summertime always something on my mind
A kind of magic in the air
I'm on the run to a sunny paradise
With crowded beaches everywhere

I'm just a girl that's looking for some fun
It's time to get things started, so c'mon everybody

Boys, boys be my boy
I wanna feel your body
Boys, boys be my boy
Tonight I'm ready honey
Boys, boys be my boy
I wanna be your lovergirl
Be my loverboy

Boys, boys be my boy
