bottle up and explode over and over keep the
troublemaker below
put it away and check out for the day
and in for a round of overexposure
the thing mother nature provides to get up and go
bottle up and explode seeing the stars surrounding you
red white and blue
you look and him like you've never known him
but i know for a fact that you have
the last time you cried who'd you think was inside?
thinking that you were about to come over
but i'm tired now of waiting for you
you never show
bottle up and go, if you're gonna hide it's up to you
i'm coming through
bottle up and go, i can make it outside
i'll get though becoming you
becoming you
becoming you
