"Forever, Forever, Forever, Forever"

They say that you and I,
Are reaching for too high
We know our love is young,
We've only just begun
Through the night,
We hold each other tight
Forever...

"Forever, Forever"

A love like yours and mine,
Will stand the test of time
Like rivers to the sea,
Your love returns to me
Through the night,
We hold each other tight
Forever...

I'll be yours forever
And you're mine
Forever...

You will be the one,
To fill my life,
To stand beside me
I will be the one,
The one you run to,
You can depend on me
Forever...

I'll be yours forever
And you're mine
Forever...

I'll be yours forever
And you're mine
Forever...

"Forever, Forever, Forever, Forever"
Forever...
