Intro ta Maestro, nice flow
Hot like nitro, cool as ice though
that type o' dacotamy, ya'll know its gotta be
who else could it be, but me
rub yo eyes, bone, to big willius
dream supreme, right straight from philly
inglected, female attractor, rapper slash actor, right
back at ya
And to the next millenium, many come, but few are
chosen
see me servin' like the US Open
anotha type of hustler, listed as a blockbuster
goin' as a movie usher, who is he, he or she, SFP
Movies, CD's, and TV's, but ah-ah, cause today i take a
break from that
as i roll wit' a tank of gas, and take me out
i used ta rock C's, head, i rock these, when i rock tha
MC's, wit the funky
beat
today, sun high, up in the sky, from NY, i lied to MI, Just
Cruisin
Where baby i dont care, Just Cruisin
Long as ya take me there, Just Cruisin
Somewhere to clear my mind, Just Cruisin
Just Cruisin'
0 to 60, flossin', 90 degrees, sony cartridges, 10 cd's
each
reach to the beach, south side leanin', aint nuthin' gone
for tops flaming
for
top down, drop down, got me hot now, heat it up cant
stop now
what up cutie, wha short shorts cookin' yo, i know im
spoken for
Cant lookin' though, listenin' to CD's, B.I.G's, 2Pac's,
while im cruisin the
blocks
hittin' the hot spots, got my celly on O-F-F, golden
arches got my belly
goin'
oh yes yes, so lets just ease on down, ease on down

the road,
no pager on my hip, as i roll in my whip
cause' today im on the solo creep, man, why you think i
be workin' so hard
all week
I'm just cruisin
Where baby i dont care, Just cruisin
Long as you take me there, just cruisin
Somewhere to clear my mind, just cruisin
I'm just cruuuuuisin
Sunsettin' in the S-K-Y, must say i'd have the best day,
ah
tryin' ta find an exit, a place to chill, not to hectic, so i
can spend some
time wit' will
let the, sun shine to the moonlight, clear my mind, soul
search, see what i
find
if i begin, the best lover and friend, and i begin, the
best daddy i can
i pray i am, and i feel good to day, remeness, as im
cruisin' around the way
roll tight pass the park, where we used ta play
cant think of a betta way to spend my day, uh
still findin' my way, still goin', petros goin, moves soon
showin
gots ta get goin', cruisin' all right, and the freaks come
out at night,
right
I'm just cruisin
where baby i dont care, just cruisin
long as ya take me there, just cruisin
somewhere to clear my mind, just cruisin
Just cruuuuuuisin
