Uh, uh, uh

Ugh Give me more heat

Uh give me more heat

Uhh uhh yeah

Everybody in the front now (wooh wooh)

Everybody in the back now (wooh wooh)

Everybody in the side now (wooh wooh)

Ooh la Fiesta

All the ladies in the house now (woo woo)

All the fellas in the house now (wooh wooh)

Everybody in the house now (wooh woo)

Ooh la fiesta

If I approach you correctly and step up to you
respectfully

Would you please maam bless me with the next dance
I don't intend to offend you, I only intend to befriend
you.

But your willing me, thrilling me, killing me with your
My pants not a chance,

I'm a let you go without saying somethin

A little hotter lambata mama the sort that I'm wantin'

No frontin' if it was illegal for you to be that fine

I'd be McGruff mama takin' a bite out a crime

Literally first it'll be, dancin' with me,

Then it'll be, dinner with me,

Then it'll be, back to my crib and hold up

I'm about to get ahead of myself, and I'm playin'
myself

The type of brother that when I'm thinkin of stuff

I'm sayin' the stuff, my bad, back it up

Let's start with a dance

On good behavior maybe later

Maybe you'll part with your pants

Psyche, joke, walkin a tight rope my foot in my mouth

Look my hope was that you'd dance with me.

Everybody in the front now (wooh wooh)

Everybody in the back now (wooh wooh)
Everybody in the side now (wooh wooh)
Ooh la Fiesta
All the ladies in the house now (wooh wooh)
All the fellas in the house now (wooh wooh)
Everybody in the house now (wooh wooh)
Ooh la fiesta

She was smilin' I was kinda wilin' thinkin'
I'm dialin' in she gave me the impression
She was getting' my message so I'm testin'
I through it out yeah let me buy you a drink
Cause when I'm by you I think it Would be fly if we link
what u think,
She responded with a grin and a glance ,
With my eyes tryin' to seduce her to the forbidden
dance
The body of a Latin goddess sexy but modest
The hottest mommy from cuba her beauty was timeless
The other night I seen her dancin' duty was over,
She did a split into a spin and put her leg on his
shoulder
And he was over
If that was me and I was he
We'd probably still be dancin'
Mommy can you feel me
Still she said nuthin'
Why she be frontin'
Never seen another mommy move like you, groove like
you
I'm sayin' I wanna dance with you
What's up?

Everybody in the front now (wooh wooh)
Everybody in the back now (wooh wooh)
Everybody in the side now (wooh wooh)
Ooh la Fiesta
All the ladies in the house now (woo woo)
All the fellas in the house now (wooh wooh)
Everybody in the house now (wooh woo)
Ooh la fiesta

To me when I'm dancin' it's aphrodisiac
It's automatic that I look in your eyes
To help emphasise
Some people dance socially, Not emotionally
Closer to me, come on, close as you can be
Can you feel me
Come on mama cut me no slack
Can you feel me
Come on mama forward and back

Can you feel me
Come on mama hard as you can
It's part of the plan
It happens when you start with the man
On your mark ready set baby let's go
Baby let's flow, baby let go
Baby no no got a lot mo'
Lettin it rip, gimme some of that
Yeah that's it
Sweatin' with me getting' it
Wetter with me
It's better with me ain't it
Other girls that I've date
Have fainted, so take it
Or leave it just the way that
I heat it, I bring it, I swing it
Sooo you like dancin' with me
What's up?

Everybody in the front now (wooh wooh)
Everybody in the back now (wooh wooh)
Everybody in the side now (wooh wooh)
Ooh la Fiesta
All the ladies in the house now (woo woo)
All the fellas in the house now (wooh wooh)
