When they wrote
Friends

Friends
Ones we can depend on
I'm talking about a
Friend to the end
If I lose or I win
If my lou getting thin (Jazzy Jeff: whats up)
You still my friend (JJ: hell yeah)

Five o around (uh oh)
You still around (true dat)
Ever since I was younger (uh ha)

Life could drop a bomb
Cause Jazzy we got a bond
Like we was in Vietnam Truss it (word up)

Everybody need a partner to stand right by their side
Not only down through the good times
But also down through the bad times

Everybody need a partner to stand right by their side
Not only down through the good times
But also down through the bad times

Are you my lady? (Jada: uh ha)
Are you my baby? (uh ha)
No ifs or maybes? (uh uh)
Till pushing daisies (that's right)
You on my arm (uh ha)
Keep you from harm (uh ha)
Won't break that bond (uh uh)

You gonna be there (right here)
Death do us part (uh ha)
Through thick and thin (uh ha)
You got my heart (back at cha)
Girl when the nights cold I'm warm holding the fact
That I got you holding my back
With my feelings stealing the blue of the sky leaving
them grey
Girl you the sun to brighten up my day
When it seem like the hill to steep and my vision
getting blurry
Call on you my dove be there in a hurry
When all is gone wrong and I can't go on you my angel
immortalised in song baby forever

Everybody need a partner to stand right by their side
Not only down through the good times
But also down through the bad times

Everybody need a partner to stand right by their side
Not only down through the good times
But also down through the bad times

A-ight what we about to do right now
We about to take the partners oath
So wherever you at put your right hand in the air
We gonna pledge allegiance to our partners right now

Y'all my peoples (uh ha)
Y'all my dogs (uh ha)
In the sun (uh ha)
Through the fog (uh ha)

If I'm wrong (uh ha)
Tell me the truth (uh ha)
But if they wrong (uh ha)
We blow the roof (ooh yeah)
Share smiles (uh ha)
Share tears (uh ha)
Lean on you (uh ha)
Ease my fears (uh ha)
To the end (uh ha)
From the start (uh ha)
Minus the cream (oh yeah)
Cross ya heart (oh yeah)
Me for you (no doubt)
You for me (no doubt)
That's the way (no doubt)
Its gonna be (no doubt)
Inseparable (no doubt)
Never sever (no doubt)
Us forever (no doubt)
We's together (wooh)
However far (uh ha)
We be apart (uh ha)
One vision (uh ha)
One heart (uh ha)
To my friends (uh ha)
To my dove (uh ha)
To my fam (uh ha)
One love (wooh)

Everybody need a partner to stand right by their side
Not only down for the good times
But also down through the bad times

Everybody need a partner to stand right by their side
Not only down through the good times
But also down through the bad times

Everybody need a partner to stand right by their side
Not only down through the good times
But also down through the bad times

Everybody need a partner to stand right by their side
Not only down through the good times
But also down through the bad times

Interlude

So dad, like did you like have real good friends and
potnas when you was growing up
Will's dad: I had two real good friends all the way
through high school

Who you had?
Thomas Jones and Jacob Curtis Jones
Were they like brothers?
Well they weren't brothers they just had the same last
name as Jones
And everybody thought that I was a Jones too but I
wasn't, of course I was a Smith
Right
But they thought I was a Jones, they called us the Jones
boys we were so tight
Matter of fact I had a call from one of them
Hey Dad listen, check this record out

It was a dark night
I had just sparked the mic
Brought the light
To the crowd
In Hampton
It was amped when
I finished with
Brand New Funk
They were screaming out, "Do Summertime"
Some of them was drunk, some of the time
I like to chill after the show
But tonight, yo I wanna get ill after the show
And there she is
5 sumthin, short hair, damn she live
The girls get thicker further down 95
I expressed to her
Sought of confessed to her
I wanted to get next to her
So I suggested to her
We roll
To suite 110
Sweet ones in
My room
Jeff in one eleven with a friend
Then boom boom boom who that? (open the door)
Why they do that?
Threw back
By the noise
Some dude and his boys
You know them?
Your boyfriend?
More like an annoyed friend
Peep through the peep hole peeped him and all his
people
That's when Charlie creep through
Boy you wanna see who
Don't nobody wanna meet you
Damn here come the beef stew

My beef ain't with you (uh ah)
My beef's with Will
So see Mack
Ease back
'fore your cat get peeled
Charlie said, "Any beef with Will is
Plenty beef with me and
Whenever Charlie get mad
He step to the streets he see
The end of the story
You wonder who survived?
