We'll walk out on the streets  
Pour gasoline in all the gutters and the yards  
We'll light a match and get the hell out of here  
Don't wanna be seen when the flames reach over our  
heads

I didn't mean to sacrifice the innocent  
But it's the only way for me to get to....  
You say I'm running away  
Here's the evidence that you're to blame

Does it hurt to know you could have been the rain to put  
this out  
Or the broken match that could have never started this  
at all  
You're my inspiration  
You're the axe that split my heart in two  
You're the reason why my mind is gone  
I'm losing control
