Gripping the wheel
His knuckles went white with desire
The wheels of his Mustang
Exploding on the highway

Like a slug from a forty-five
True death, 400 horsepower
Of maximum performance
Piercing the night
This is black sunshine

Yeah, move me in the silence Baltic motorway
Hang me on the edge before I fall away
Apocalypse is dawnin? actions on the mile
Can do revolution, earth to the river Nile

Sweet?n the ride black sunshine
Sweet?n the ride, yeah
Sweet?n the ride black sunshine
Sweet?n the ride, yeah

Yeah, cry a river cosmic, moon in a Scorpio
Feel her body breathe, acid radio
Tell me that you like it, when I?m going down
Tell me that you like it, move to the speed of sound

Sweet?n the ride black sunshine
Sweet?n the ride, yeah
Sweet?n the ride black sunshine
Sweet?n the ride, yeah

Slide into, I said, "Forty-four cool heart can hypnotize"
Dream into infinity, I turned the love to lies
Crawl across the water, wave and sink into the sea
Reflecting onto everything, that you can never be check
out

Yeah, to the devil a daughter
Comes 2000 worlds away, yeah
Born to lose the love you choose
Destroy another day, check out

Sweet?n the ride black sunshine
Sweet?n the ride, yeah
Sweet?n the ride black sunshine
Sweet?n the ride, yeah

Stare into the TV kiss off the pain
Wonderland is falling
No sing, no rain momentary
Damage into the high drift
Me to the circuit sky

Finally nothing moves high noon
Black top rolling below the asphalt drive
A concrete fascination scraping the edge of nothing
This is black sunshine
