Well, how big is life?
Can it ride like a butterfly?
Star in the dust
A rocket man, super sky

Sugar on the hill
Explode and never die
I think I will
Come on!

Take it high!
I've gotta to, oh yeah! Come on
So high, I've gotta to, oh yeah!
Come on

So loosely illustrated
A trick of light I demonstrated
Right to you
What you do?

Well, how high is up?
Can it reach at the butterfly?
Rise in the howl
Hit me cold, super, sky

Witness the kill!
Explode, never die
I think I will
Come on!

Take it high!
I've gotta to oh yeah! C'mon
So high, I've gotta to, oh yeah!
Come on

So loosely illustrated
A trick of light I demonstrated
Right to you
What you do?

Yeah, deaf to the ear, fat city slang
Bloody ma growls, "Concentrate on bang"

Broadway do the winter kills
Astro Creep on you until

Yeah, overcome the Devil, deluxe the game
One sweep, spun, "I got no name"
A paper thin cut on the edge of hell
Wrestle with a heaven but I never fell

Sink to a level
Realize no direction
West of the moon
I got no reflection

Blood on the stone
I do not surrender
Waitin' for someone
I do not remember

Yeah!
I've gotta to, oh yeah! Come on!
So high I gotta to, oh yeah!
Come on!

So loosely illustrated
A trick of light I demonstrated
Right to you
What you do?

Cosmic Monsters waited
And turn around incorporated
Right to
