Yeah! I penetrate the demons
Their teardrops burn away my eyes
I love the paper-thin cry of the locust
Is there any other way to die?

Find me another hell
And the deathbird ride
Yeah! yeah! yeah, the motherfucker!

Yeah! Im down-drifting slowly
Going close enough to the sky
New world gone slay the devil
Can you show me a better way to die?

Find me another hell

And the deathbird ride
Yeah! yeah! yeah, the motherfucker!

New lovers bang the corpses
Eat the rain and dont ask why
I am a plague in an 18-wheeler
Get behind the wheel, Im gonna drive!
