Strip down core violate and paralyze
Flood my soul a coffee drug, super size
Slung low like a whore, yeah, devil want some more,
yeah
Cupid bought a gun, he's gonna blow the fucker
Yeah, I want it
Yeah, I need it
Yeah, I love it
Yeah, electric head in your head, in your head, in you
Breakneck speed get a violent spinal crack n'
Back down to the chrome and feel the death wish
attack n'
Hubcaps on your eyes, yeah, cannot sympathize, yeah
A fistful of hair and a splinter in the mind
Yeah, I want it
Yeah, I need it
Yeah, I love it
Yeah, electric head in your head, in your head, in you
Too far gone see the freak apologize
Flood my soul a coffee drug, super size
Slung low like a whore, yeah, devil want some more,
yeah
Cupid bought a gun, he's gonna blow the fucker
Yeah, I want it
Yeah, I need it
Yeah, I love it
Yeah, electric head in your head, in your head, in you
