perhaps, you had better start from the beginning

we all go down for the sacrificial moment  
crucifixion nails stain the bed of holy  
space thing blue diamond studded surgar coated  
well, I am hell a miracle overloading

turn me on, yeah  
electric head-all over  
turn me on, yeah  
electrid head-all over

we all go down for the god of the moment  
super demon seed running wild and below and  
head trip news turn the trick to the flow and  
surgarland express what you know and  
get inside get in there  
evil in your eyes baby i dont care  
get inside get in there  
see teh flesh falling everywhere

get inside get in there  
evil in your eyes baby i dont care  
get inside get in there  
see the flesh falling everywhere

we all go down for a piece of the moment  
watch another burn to the death to the core  
and the roadshow thrills pack the freaks and the  
phonies  
sing: now is now yeah! all i ever wanted
