What do you see when you look at me  
I know what I see when I look at you  
What do you see see when you close your eyes  
Can you open your head and step inside

Sitting on top of a holy mountain  
Swimming away in an acid fountain  
Living inside a Scorpio tree  
How does it feel to be ~  
Stuck inside a Hollywood hallucination  
Playing you role in a vinyl generation  
Visions knocking you up and down  
Trapped like a rat in cat town

Lights in the mirror reflects your face  
White line skin leaves no trace  
Hollow laughs from a demon clown  
Where the hell were you bound  
Where were you going on that ghost train  
Did you see the wheels were moving in vain  
How many times did that train run off the tracks  
And how many knives did you pull from your back

Sitting on top of a holy mountain  
Swimming away in an acid fountain  
Living inside a Scorpio tree  
How does it feel to be ~
