Reconstruction idea, take the ultimate trip
Yeah, ultimate trip
Assassination, invasion
A criminal masterpiece hang on the walls
Like a gold on the moon

Thunderbolt fist, rocket feet
A little knowledge is a dangerous thing
Cry and you cry alone
Love as they please in Hitler's brain

T-bird bitch'n the bad girl
Sweet savage, a swing'n baby
But you can ride, ride, ride the wild surf

Quicksand hand, racing fever
A lot of speed can really move ya.
Hey, did I fuck'n win? I'm a real pyro-man

Riot and shock, return and burn
Pretty poison, just sit bizarre
Playing it, play'n it, play it cool
