As I stand by the side of the river
watching the virgin Mary float by
watching the currents drag her by
a low song how long is gone
a low song under the waves
would she be saved under the waves
would she be saved but
I sit back and remember god
and a bomba baby burn on white angel
wing all the children start to sing
voices soaring to the sky
time is now - time to hang 'em high...
cannibalistic cardinals suck the whirlpool dry
never stop to ask why
jagged teeth across the sand
are they blind pray the big man
O the king rat who ordered the attack
O king rat who ordered the attack...
on the edge of the eve of the saint evil eye
catmanfall to the ground crows picking at his brain
ten thousand times he gone insane
new day riders stormed the walls
the bigger they are the harder they fall...
ain't got no time for love
I ain't got no time for love
ain't got no time for love
he fall down
shock-she fall down
shock-we fall down
shock- we fall down
shock-ain't got no time for love
ain't got no time for love
ain't got no time for love
ain't got no time for love but
I sit back and remember go
and a bomba baby burn on white angel
wing all the children start to sing
voices soaring to the sky
time is now -time to hang 'em high...
deep in the blazing mud
dogs in the blazing mud wild in the streets

wild from the heat symphony angel
rape got no hope no escape
blood drip eye
step inside
step inside
slaughter the grey slaughter..
it's all a circus of fear anyway
ain't no master mind to care today
dancing on a gruesome crime sundown
gonna trap the time
water birds flaming dove
seek to kill what they most love.
