How big is life?
Can it ride like the butterfly?
Star in the dust
Rocketman
Supersky
Sugar the hill
Explode and never die
I think I will
Come on take it! High
I gotta, O yeah! So high
I gotta, O yeah! Come on! So loosely illustrated
A trick of light I demonstrated right to you what you
do!How high is up?
Can it reach at the butterfly?
Rise in the howl hit me cold
Supersky
Witness the kill explode! Never die
I think I will
Come on take it! High
I gotta, O yeah! So high
I gotta, O yeah! Come on! So loosely illustrated
A trick of light I demonstrated right to youWhat you do!
Yeah!
Deaf to the ear
Fat city sang
Bloody Ma growls
