Woven in the surface a premonition of a land erupting
A sparkling occasion of a city crash down overhead
Revolving in a whirlpool a drag-o-rama walking on the
sidewalk
So let me see ya howl'n through the keyhole

"God damn, swept away" she shouted, she love it
Get in away, yeah, I concentrate the midnight

Without the benefit of ceremony, whoever said
"The one who strips your soul is the one that got away"
A weather-beaten angel descending to embrace
The cemetery, got love so mystifying

"God damn, swept away" she shouted, she love it
Get in away, yeah, she shouted, she love it
Get in away, yeah

Voodoo beat on the mind
The digs too deep to find
Something has got to give, man
(Psych out)
Racketeer or star you

Are just what you are, don't play the misty, baby
(Get you)
Into a river sky electro nation cry
"I need another, now" drift beyond the sleeping
The moon is shifting, shadows on her figure

Swamp time, locomotion, I can't take it anymore
Sunlight through the shutters illuminating moment to
The moment buzz a halo over
"God damn, swept away", she shouted she love it
Get in away, yeah

Planet pretty kill motherfucker
Hang me on the thrills, psychoholic slag
Tomorrow is another drag
(Yeah)

Picnic in the homeland like a Jesus super star
Yeah, kiss me deadly, baby
(Baby)
I know who you are
(Come on)

Planet pretty kill motherfucker hang me
On the thrills, yeah, no small heaven
(Haven)

I got the left hand of the keeper
Meet me in St. Louis, God
A one- way ticket's cheaper
Yeah, time travel I'm walking
(Walking)

I got a white line zombie fever, yeah
(Fever)
Time bomb the hero, yeah, get down
(Hero)
