I'll meet you in West Germany  
October 1983  
I know that freedom was a lie  
And your husband was a spy  
You say that words are impotent  
But they can help us pay the rent  
I knew for sure there was nothing left  
Except the vodka on your breath  
We meet in Strasbourg  
In Strasbourg  
Dann sind wir Helden  
We meet in Strasbourg

The courage that your father plucked  
From inside a cattle truck  
Will help us fix the exit polls  
Our children must have rock'n'roll  
Surveillance cameras captured dawn  
Breaking on the autobahn  
I knew for sure our chance was blown  
When rifles made us feel at home

We meet in Strasbourg  
In Strasbourg  
Dann sind wir Helden  
We meet in Strasbourg  
We meet in Strasbourg  
In Strasbourg  
Dann sind wir Helden  
We meet in Strasbourg

Eins, zwei, drei, vier

Ideas can change the government  
But they never listen to our arguments  
On TV our friends smashed cement  
And pulled down the bastards monuments  
I went outside for a cigarette  
I could see things I had tried to forget  
The news showed us who we had left  
And I could smell the vodka on your breath
