Hate, love and war
Force emotions to the fore
But not for me, of course
Of course
I keep mine hidden
Oh ...

I keep mine hidden
But it's so easy for you
Because you let yours flail
Into public view
Oh, oh ...

Yellow and green
A stumbling block
I'm a twenty-digit combination to unlock
With a past where to be 'touched'
Meant to be 'mental'

Ooh, I keep mine hidden
The lies are so easy for you
Because you let yours slide
Into public view
Oh ...

Use your loaf !
