My baby pretends to be my baby  
Does a fine line in deception  
What night did she fall?  
Or is it better to know  
what i did the night before?  
There's nothing i can do  
No way that i can hurt myself  
My baby pretends to be my baby  
Does a fine line in deception  
His baby pretends to be his baby  
She was on the phone last night  
There's nothing i can do  
No way that i can hurt myself  
There's nothing i can say  
And i'll be going out tonight  
It's 1995 going out
