Charlie, you're not my Charlie anymore
You're screwing it up
You're killing your soul
With an audience looking on

If I hadn't left early last night
I would have made a speech to you
You're not the only one
You're going to hurt

If you don't believe me, I don't believe in you
If you don't believe me, I don't believe in you

Makes it all feel better, does it?
Makes you feel like heaven, does it?
You loved it and you spent accordingly

You can't afford it now, you can't afford it now
You can't afford it now, you'll try and you'll fail
And love it like a little dog, and feed it on the scraps
you find
And kiss it while you're still asleep
You buy now and pay later

So where's the problem? You can ask if you keep your
head up
But the road is long, and you're falling asleep at the
wheel
Here's a girl going crazy about you, and I'm not far
behind
Can you care about your friends anymore?

If you don't believe me, I don't believe in you
If you don't believe me, I don't believe in you

You can't afford it now, you can't afford it now
You can't afford it now, you'll try and you'll fail
And love it like a little dog, and feed it on the scraps
you find
And kiss it while you're still asleep
You buy now and pay later, you buy now and pay later
Here's a girl going crazy about you, and I'm not far

behind
