It's been so long since I last saw you  
I hardly recognise your face  
So many dreams of yours just fall through  
No telling what this girl will do

I see you're trapped in your own situation  
Close to tears and close to detonation  
How many times do I have to askl you why?

Time to time I think about you  
I think of all the shit we'd do  
Then we'd fight just like you want to  
How many wrongs to make you right?

Sat alone with a picture of you  
Sat alone with our song too  
Sat alone with an image of you  
Sat alone with a bottle too
