See the moonlight shining in his eyes while he drives
Last adrenaline that barely holds onto his life

Cos i know you are a jousting confronting for
everything
Cos i know it won't be you that come takes her away
from me
From me

Come on charlotte
Why you bringing me down again
Come on charlotte
Why you sleeping around again
Come on come on
Your telling you lies again
It's true

See the complication
Written on his face
He says that he needs her
But only gets off on the chase

Cos i know you have been lusting and trusting for
everyone
This blue light's been shining
Your outlook is blinded it's so unkind
Unkind

Come on charlotte
Why you bringing me down again
Come on charlotte
Why you sleeping around again
Come on come on
Your telling you lies again
It's true

Well there is no surprises
Look me straight in the eye
I never meant to drive you to the edge
What goes on in your brain
What goes it's too strange

I'm leaving now
I hope you'll be ok

Oh this dim blue light
In this dim blue light

Come on charlotte
Why you bringing me down again
Come on charlotte
Why you sleeping around again
Come on come on
Your telling you lies again
It's true
