So far away, even when I'm home
October ends and I will stand-alone
'cause we've got drive and we've got style
Could do what you want but you're never gonna bring
us down.

And I go on to start again.

Stand up 'cause the world is learning
Well I don't know, I don't know if I can be that wise man.
Stand up 'cause the world is learning
Well I don't know, I don't know if I can be that wise man.

Well understand, if you understand.
The cruellest world, in a punk rock band
You talk us up, to shoot us down
You can say what you want but you know we'll always
be around

And I go on to start again.

Stand up 'cause the world is learning
Well I don't know, I don't know if I can be that wise man.
Stand up 'cause the world is learning
Well I don't know, I don't know if I can be that wise man.

You lookin' (?) and you really think you know me
So teach me how to breath and teach me how to be me
Well this is the sound, yeah this is the sound.
This is the sound of (?)

And I go on to start again.

Stand up 'cause the world is learning
Well I don't know, I don't know if I can be that wise man.
Stand up 'cause the world is learning
Well I don't know, I don't know if I can be that wise man.

Stand up [x16]
Stand up 'cause the world is learning
Well I don't know, I don't know if I can be that wise man.
