This one's for you
Curtis, I love you
If you look into your heart
With a positive mind
Take some inventory of your woman and your glory
Leave the bad things behind {ooh}

Everybody's got a story {yes they do}
About love and the good things
But all the spices of your life
You just got to pay the price
If you know what I mean {ooh yeah}

I'm telling everybody
I know how a girl becomes so proud
When I finally found there was nothing left
I said I do believe I found myself
And I want to give it to you baby oh yes I do {yeah
yeah}

So if you look into your heart
With a positive mind
You can take some inventory of your woman and your
glory
Leave the bad things behind

I know my man really loves me we don't have that every
day {oh no no no}
I know my man really needs me I say it
What ever he wanna do I wanna do it with you baby
{yeah yeah}

Jump on the night Love's not an easy game
And he's strong and he's straight
Now that I see
What he's giving me
I say what ever he wanna do I wanna do it with you baby

I'm loving you more and more and more and more
And giving you all and all of me
I say now mercy baby

I'm loving you more and more and more and more
I'm giving you all and all of me
Oh yes I am
Say mercy baby
I'm loving you more
Mercy baby
Mercy baby
Mercy baby
