Verse 1

One night not long ago
I fell for you
Too easy to let go
She was one from your past
One of the few
You said it didn't last

Now Romeo you know I can't believe
Your tongue would slip so easily
I know you think I oughta let it be
But get it right next time
That's the end of me
Chorus

My name is not Susan
So watch what you say
If you still need her
Then be on your way
Don't wanna hear about Susan
She got nothin' on me
So show some respect
For the love you receive
My name is not Susan

(No, no, no, no)(Get it right)

Verse 2

Last night you were asleep
Deep in a dream
I heard you call her name
Then you turned to embrace
I froze in place
Never to be the same

Now Romeo you know I never knew
My heart would bust so easily
I know you think I out to let it go
But get it right
Next time

Say good-bye to me boy
Chorus

Bridge

I never want to be the girly
That you "call" one and only
You know the kind of girly
That you would call when you get lonely
I never shoulda let you in
A damn shame, forgot my name
Well anyway
Chorus

Don't want to hear about Susan
