(Kenny)

I didn't look over my shoulder
I wasn't ready for this
Didn't see the signs on the horizon
I was so sure that you would never leave
But you did.

Chorus: (Kenny & Whitney)

So sweep away the sand and dry the ocean
And just, pack the moon and stars up in a cardboard
box
And stop the clocks from chiming
Block the sun from shining
And paint the sky a deeper shade of blue
'Cause my world's over without you.

(Whitney)

I know I should just keep goin'
But I don't know where to start
I never thought I'd see the day
When you'd go and leave me here
With my broken heart
But you did.

Chorus: (Kenny & Whitney)

So sweep away the sand and dry the ocean
And just, pack the moon and stars up in a cardboard
box
And stop the clocks from chiming
And block the sun from shining
And paint the sky a deeper shade of blue
'Cause my world's over without you.

(Whitney)

Maybe someday all the pain will fade

(Kenny)

Maybe this hurt will slowly slip away

(Whitney)

Maybe some things will never change

(Kenny & Whitney)

And I'll still love you.

(Kenny & Whitney)
Stop the clocks from chiming
And block the sun from shining
And paint the sky a deeper shade of blue
'Cause my world's over without you.

My world's over
My world's over without you
My world's over.

Stop the clocks from chiming
And block the sun from shining
'Cause my world's over without you
My world's over...
