VERSE 1: Sung by Bobby

I know I may have made mistakes before  
But now I understand what those mistakes were for  
Throughout my travels girl  
I realized  
What you see, what you get don't always coincide  
A bird in the hand beats two in a bush  
But just one look was all it took  
Could it be that we're the only ones thinking of  
Harmony, ecstasy, there's something about this love

CHORUS: Bobby sings indented lines on the first chorus

We, we have something in common  
Girl (Boy) you mean so much to me it should be plain to  
see that we...  
We have something in common  
It's the way we feel about each other when we're  
together

VERSE 2: Sung by Whitney

Now I'm the type of girl who understands my man  
I'll be strong when he's weak, I will hold his hand  
Now I believe old fashioned rules and old fashioned  
ways  
Courtesy, honesty, like in the old days  
You're my man and I'm your girl  
There's nothing better in this whole wide world  
I'll stand by your side till the very end  
All in all, best of love, we are friends

CHORUS: with Whitney singing indented lines (see  
above)

BRIDGE: Bobby: Girl you know it's you that I adore  
Whitney: And there's no one in this world that I love  
more
