I want you in my bedroom
Oh, yeah, I know a place
I know a place, I know a place where you should go
I know a place where you should go
I know this place, I know this place
I know this place, I know this place
I know a place where you should go
I know a place where you should go
I know this place, I know this place
I know this place, I know this place

You belong, in my bedroom, in my bedroom
I want you, in my bedroom, in my bedroom
You belong, in my bedroom, in my bedroom
I want you, in my bedroom, in my bedroom

Don't be afraid just let me take your clothes off
I make it so damn ... full control
Now let me see what can it be let's roll
I'm going down, I'm going down
Get low freaky, get low freaky, get low freaky, get low
freaky
Get low freaky, get low freaky, get low freaky, get low
freaky

Now let's see, let me go on my knees,
You said please, but hey, I'm not a tease
I make you weak I'm gonna drain
What I'm about to get you was insane
You work clever get this night in about 10 years you will
say ...
...close your eyes, and let me blow your mind

I know a place, I know a place where you should go
I know a place where you should go
I know this place, I know this place
I know this place, I know this place
I know a place where you should go
I know a place where you should go
I know this place, I know this place
I know this place, I know this place

You belong, in my bedroom, in my bedroom
I want you, in my bedroom, in my bedroom
You belong, in my bedroom, in my bedroom
I want you, in my bedroom, in my bedroom
I want you, in my bedroom
I want you, in my bedroom
