Sleeps all around you, in every way
Pushin' you over, tryin' to make you play
But you know better, you know what to do
Cause you are the dreamer, and dreams come true

Why don't you wake up, dreamer, from your dreams
Why don't you wake up, dreamer, from your sleep
Why don't you wake up, dreamer, from your dreams
Why don't you wake up

Sleeps all around you, in every way
Pushin' you under, tryin' to make you stay
But you can't wake up, and you can't hide
Cause you are the dreamer, and in dreams you'll die
