I wanna go to a happy place, a happy place with you  
I wanna go to a happier place, and be happy with you

You know I got this place I go, wantcha to go with me  
Feel the passion, feel the love, and you feel the ecstasy

Yeah, sometimes I get down, but when I come to this  
place  
All my troubles leave out the door, I gotta big smile on  
my face  
Come with me!

We all need happier places  
And we all want a better life  
Come with me my friends and I'll take ya  
To a happier place, we will go tonight
