Come and take a look in my eyes  
i wanna be a soilder till i die  
go head till'em where im from man

i like wars one day a guy came knocked down my door  
that guy beat me down  
but i got up  
punch that guy  
and threw his face on the ground  
he told me i was a clown  
hit him one more  
cops came to my house  
i said i was alright  
they ask me a question  
i said i wanna be a soilder tonight(tonight)

come and take a look in my eyes  
i wanna be a soilder till i die  
go head tell'em where im from man

wars come and go  
i so fast  
cause everthing to me is so slow  
after war  
i sat down writing this song every time  
i loved it so much  
i got it stuck in my mine  
now im thinking of a new line from another line  
i think everything is still find  
but now sometimes people still coming to my house  
making my girl cry  
also they shut me down  
but now,im murdering other peoples ryhmes  
see i wanna be a soilder till i die

come and take a look in my eyes  
i wanna be a soilder till i die  
go head tell'em where im from man

everything is going nuts  
i went from cali to brazilone day i turned evil

and started to kill  
i stop all this when my docta told me i had an ill  
this ill was something i couldn't feel  
i thought it was all a dream  
until i woke up and my girl told me that it was real

come and take a look in my eyes  
i wanna be a soilder till i die  
go head tell'em where im from man
