"The First Time"

Visit "[The First Time](#)" on MotoLyrics.com

I need someone
Someone that I can punch
The first time
Found sticks stones and trumbs
See me in the hood you betta be runnin cause I gone
pull up a gun
See every where I go im a pull up a stunt

Pulling up crazy things
Came home and saw blood
I don't know what had happen to me
Maybe I shot somebody
I don't care right now
Cause I like being a gansta with my shoty
Everyone is scared to jack my chain
Goin through the hood with my "A" game
See I stop with that and started writin
Girls there is enough for me
So don't be fightin
Im a rap legend and im mighty
So America just say you like me
So I can buy a big white jeans
Cause I came from a busted up home
Pulled up crazy things
Like when I jacked 8 cell phones
Also stold a afro pick cause we didn't had no comb
My friends called me lil' fat joe or rambo
Cause they saw me gamble
Gamble for money
I didn't get scold for bringin home 12 thousand honeys

I need someone
Someone that I can punch
The first time
Found sticks stones and trumps
See me in the hood you betta be runnin cause I gone
pull up a gun
See every where I go im a pull up a stunt

I know you don't know that im a hero
And im comin up thirty degrees below zero

Im about to kill you and your friend
After that im gonna pull up a stunt again
So shut your mouth and start to be listenin
See me im the speed of flame
You know in my back I got my "A" game
Maybe I do have rap enemy that's lame
Man my bricks are tick that I can reach the height of
Yao Ming
Shoty im a gangsta
Look all my chains
See im a gangsta
So don't act like you don't know this man

I need someone
Someone that I can punch
The first time
Found sticks stones and trumps
See me in the hood you betta be runnin cause I gone
pull up a gun
See every where I go im a pull up a stunt

Yah know that
wooh!!
Hahaha
Oh my god

See im a gangsta
Look at all my chains
See im a gangsta
Im numba one all the time man
