[Chorus: Smooth Tha Messenger]

Party people in the place to be  
If you feel like getting down in this place with me  
Wave your hands in the air from left to right and  
Scream and shout oh yeah  
If you're really got a feeling tonight  
And if you got a problem it'll be all right  
You just gotta get your praise on here tonight  
And scream and shout praise on

[Verse 1: Smooth Tha Messenger]

Are you ready for a bomb beat coming to you  
from the streets of Los Angeles bringing the truth  
too smooth for the roughest thug up in the hood  
got the beats to make you bounce keep you all feeling  
good  
introducing new sounds from that kat Mr. Smooth  
get in the groove get your praise on let the spirit move  
get your hand raise on it's amazing when it lays on  
track plays on just to help you stay strong  
getting down for the father reason why I'm here  
it's crystal clear like Jackie V so have no fear  
what you heard for years is true the end is near  
it's time to put away the drugs and drop the beer  
I came to rock mics delivering the messages  
it's not a test it's just word from the messenger  
all you gotta do is get down so listen to the sound  
now throw your hands up and get your praise on

[Chorus]

[Verse 2: Smooth Tha Messenger]

Issues on yo mind tell me what you gonna do  
Time is running out for ya boo, you and ya crew  
Voice on the script and no its not the thing to do  
Over 6 yrs on this field lil g's spittin who  
Gotta switch up-holdup this message from the  
messenger bout to blow up  
Christ rein supreme reminisce back to the days when I  
was toe up  
Dog back to my vomit in the throw up time to grow up

I be the emcee when you've fallen can't get up I say  
stand up  
Smooth and the verbal one-only 16 bars to make you  
think  
I'm not a shrink but hedz throwin lives down drains like  
bathroom sinks  
Its not about the ice or your girl wrapped in mink pretty  
in pink  
Its about that hole in your heart and ya Benz ain't the  
missing link  
Hope is mine for ya different mind state let all egos  
deflate  
His Illumination so strong It would make you fall  
prostrate  
I'm not here to debate the wedding is soon coming  
don't be late  
New Era puttin it str8 watching souls elevate

[Chorus]

[Verse 3: The Wyzemen]

It's time to get off your seat retreat  
throw yo hands up in defeat don't be discreet we  
bringing the heat  
from the suburbs back to the streets increase  
give up on that decrease release as you personify  
peace  
of yourself let go, go with the flow lose control  
filled with a glow bling, bling to your soul  
you know here we go bro man  
a lot of you are saved but a few just ran from your  
calling  
anointed one still stalling the purpose of a minister  
but you still stay balling like a criminal  
subliminal so critical  
you'll be all up in my prayers when your life leases up  
John Doe  
oh, almost forgot a.k.a. who I be  
RappsGallor, TCP, JayRockSki, 12th Tribe be  
Selah G's, VOICE and Smooth D  
new family trees true saved emcees  
holla if you feel me

[Chorus]
