Spoken like a souvenir

Touch upon all your childhood fears

Keep them at a gentle pace

Close enough to feel their hate

Somebody says

Somebody says

Somebody says

I love you

All those years you never knew

All the things I could do

I them in a hidden place

So I could rub them in your face

Somebody says

Somebody says

Somebody says

I made you

I made you

I made you

I made you

I made you

Breed

Breed on ur own

You're always alone

You suffering clone

Maybe you're not good enough

Good enough to make me blush

So many reasons I can find

To kill this little clone of mine

I hold your grace

Like a broken vase

You've been replaced

'Cause I made you

Somebody says

Somebody says

Breed

Breed on ur own

You're always alone

You're suffering close

(I made you)

(I made you)

Breed

Breed on ur own

You're always alone

You suffering clone

Somebody says

Somebody says

Somebody says

I love you

Somebody says

Somebody says

Somebody says

I love you
