

Arch Enemy "Lament Of A Mortal Soul"

I am forced to creep down the path
Of my sad and senseless life
Darkness surrounds me
At the end of the tunnel, there is no light

A blackened void, nothingness

Chorus:
Lament of a mortal soul
Who am I?
Only dust in the blowing wind
Am I dying?

My name dies slowly
Echoes into eternal oblivion
Replaced by others, easily forgotten
I hate my acting existence

A blackened void, nothingness

Chorus:
Lament of a mortal soul
Who am I?
Only dust in the blowing wind
Am I am dying?

Solo

Chorus:
Lament of a mortal soul
Who am I?
Only dust in the blowing wind
...I am dying!
