I won't live to see tomorrow
There won't be another prayer
None of them will ever sorrow
Those who've sentenced me to death

I've been waiting here for ages
For the hangman to appear, the hangman to appear
Soon the priest will read some pages
From the Bible for my fear

I see a place, an evil place coming my way
What can I do? Where can I run? Gonna die anyway
Things are getting clearer
This is the price I have to pay, pay, pay, oh no

I feel like screaming out my anger
There is so much left here to do
When it happened I was younger
And my destiny was you

I see a place, an evil place coming my way
What can I do? Where can I run? I'm gonna die anyway
Things are getting clearer
This is the price I have to pay, pay, pay

And what can I do about leaving you
We were only halfway through
And what can I say? There was no other way
They wouldn't let me stay

And what can I do about leaving you
We were only halfway through
And what can I say? There was no other way
They wouldn't let me stay

I see a place, an evil place coming my way
What can I do? Where can I run? Gonna die anyway
Things are getting clearer
This is the price I have to pay
This is the price I have to pay, yeah, yeah, yeah
