I look into the mirror  
Hoping something will be clearer  
But it's not, no it's not  
My heart is willing  
But the fear inside me is killing  
All I've got, it's all I've got  
Promises are broken  
Words are left unspoken  
My trust is like a castle in the sand  
I'm trying to understand it all

Don't ask, don't tell  
Don't ask, don't tell  
Don't ask, don't tell  
Just hide

Back to the beginning  
Am I losing am I winning  
In this game, it's all a game  
Chances that I'm taking  
And the choices that I'm making  
Are the same, they're all the same  
Promises keep broken  
Words are left unspoken  
My trust is like a castle in the sand  
I'm trying to understand it all

Don't ask, don't tell  
Don't ask, don't tell  
Don't ask, don't tell  
Just hide

Honesty unwanted  
Leaves me cold and now I'm haunted  
By the part of me that's left in the unknown  
I'm running from the violence  
To the secret and the silence  
My quiet desperation finds a home  
Why must I hide?  
My fear now has become my prison cell

Don't ask, don't tell

Don't ask, don't tell  
Don't ask, don't tell  
Don't ask, don't tell  
Just hide  
Just hide  
Just hide  
For a while

I won't lie no more

Don't ask, don't tell  
Don't ask, don't tell  
Don't ask, don't tell  
Just lie
