I can't get away  
What happened long ago is still like yesterday to me  
It's hard to say  
Goodbye to the memory of the way it used to be

I don't want to surrender  
I'm not a pretender  
Wearing my heart upon my sleeve  
I'm not saying goodbye  
Not ready to try  
Pride is my enemy

We found it  
A long long time ago  
A long long time ago  
And you're still a part of me

Out of control  
I'm caught in the emotion of the rock n' roll again  
I won't let you go  
Cause something that is broken can be stronger when  
it mends

I don't want to surrender  
I'm not a pretender  
Wearing my heart upon my sleeve  
How can something go wrong  
With something so strong  
Pride is our enemy

We found it  
A long long time ago  
A long long time ago  
And you're still a part of me  
More than a memory

We found it  
A long long time ago  
A long long time ago  
And you're still a part of me  
More than a memory

More than a memory  
That I believe in now  
I'm not letting you go

We found it  
A long long time ago  
A long long time ago  
And you're still a part of me  
More than a memory  
x 2

You're more than a memory  
So much more  
And I'm not letting go  
I'm not letting go
