Instead of an open conversation
We leave with a head full of frustration
Tomorrow we'll try for illumination
It's gonna be dark, it's gonna be lost 'til then

It's late and I forgot the combination
It's locked now it's only decoration

Whose fault (whose fault) is this constant trepidation?
Last night (last night) missed all the accusations
It's easy (it's easy) to fall with this temptation
Gotta stay strong, gotta just hold on tight

If you found the signs you recognize
I'll try to take it

It's late and I forgot the combination
It's locked now it's only decoration
Inside is the answer to your question
It's gonna stay closed, it's gonna be sealed overnight
Oh yeah
It's late and I forgot the combination
It's locked now it's only decoration
Inside was the answer to your question
It's gonna stay closed, it's gonna be sealed overnight

Mistakes the result of separation
Forgive and we avoid the isolation
If we can forget the expectation
It's gonna be fresh, it's gonna be new someday

If you found the signs you recognize
I'll try to take it
I've never had so much trouble before
But you're so exquisite

It's late and I forgot the combination
It's locked now it's only decoration
Inside is the answer to your question
It's gonna stay closed, it's gonna be sealed overnight
(It's late) and I forgot the combination
It's locked now it's only decoration

Inside is the answer to your question
It's gonna stay closed, it's gonna be sealed overnight
(It's late) and I forgot the combination
It's locked now it's only decoration
Inside is the answer to your question
It's gonna stay closed, it's gonna be sealed overnight
