Hey!

In between me and the lighter detail
We'll get along like a hammer and nails
Thunder like the prairies have never known
Talk of the world but it's still homegrown

I'm gonna go flat out
I'm gonna do it flat out
I'm gonna go flat out in Saskatchewan
I'm gonna go flat out
I'm gonna do it flat out
I'm gonna go flat out in the flatlands

Ninety-one years I've been on the scene
Six days to party and one to dream
Oh, everyone's comin' from across the land
To celebrate the world's best game and fans

Oh, let me go and play now

I'm gonna go flat out
I'm gonna do it flat out
I'm gonna go flat out in Saskatchewan
I'm gonna go flat out
I'm gonna do it flat out
I'm gonna go flat out in Saskatchewan

I'm gonna go flat out
I'm gonna do it flat out
I'm gonna go flat out in Saskatchewan
I'm gonna go flat out
I'm gonna do it flat out
I'm gonna go flat out in the flatlands

Oh, break!
