All the leaves have turned to rust, the air is getting thin
I can see my breath, the night is rollin' in
The sky is gray, it's cold as a stone
It's just the kind of day, I can't stand to be alone

'Cause you, you've been on my mind
And I wish you were here beside me tonight lying in this
bed
'Cause I, I'm just not the same
I walk down these streets, I swear I hear your name
But it's just in my head
I wish you were in my arms instead

I wasn't thinking about you when I thought I saw your
car
'Can't escape you for long, you know, I never get too
far
You're everywhere I go 'cause you're everywhere I've
been
You're everything I wanted and I want you back again

'Cause you, you've been on my mind
And I wish you were here beside me tonight lying in this
bed
'Cause I, I'm just not the same
I walk down these streets, I swear I hear your name
But it's just in my head
I wish you were in my arms instead

I have to find a way that's just how it is
I'm stuck here in this place

'Cause You, you've been on my mind
And I wish you were here beside me tonight lying in this
bed
'Cause I, I'm just not the same
I walk down these streets, I swear I hear your name
But it's just in my head

I wish you were in my arms instead
I wish you were in my arms instead
