My love don't worry everything its gonna be ok (yeah)
If you go with me my soul is never find the rest (oh
baby)
Will you forgive or will you live?
Oh baby baby listen me just stay
No please don't cry, my love's with you
Hey girl forgive, I pray

Oh my baby I need to make it
I need to say goodbye
Just forgive me I can't more live
Hey baby please don't cry
I need to go to sky

My love forever, myself with you
remember girl, I love you
My love forever, myself with you
remember baby, my love's with you
I need to go to sky...

(Skelitor's rap):

Let's go
Yo this time, I'ma give you this rhyme
dedicated to the end of steady never big signs
Gotta tours, Metaphors, now the stars are in line
over seas, on the shore, at the bar, check your wine
let me take my time to seize the moment
sit back and analyze each component
real life fantasize, Â need to clone it
and everything to glamorize we be on it.

My girl I'm gonna miss Â you
Baby just don't close your eyes, I pray
Will you forgive or will you will live?
Oh baby baby listen me just stay
No please dont cry, my love'a with you
Hey girl forgive, I pray

Oh my baby I need to make it
I need to say goodbye

Just forgive me I can't more live
Hey baby please don't cry
I need to go to sky
