The whole pie was your piece  
The fillin' your pride  
Jivin' 'round the kitchen  
Just carryin' on

No pies are coolin' on the window  
Still empty inside  
Your sorry's no good  
The little ones already cried

One chicken took a lickin'  
So many feathers to hide  
And nobody woke you  
All the breakfast is gone

Your belly's all stretched  
Making noise, feeling bad  
The rooster never crowed  
He was already fried

We were born one day  
Lived up 'til now  
Calf in the field  
Nest on the bough

One day for sure  
If what's done is done  
Do we pass on with what we've got  
Or get back what we passed on

You've had your turn at the wheel  
We've been long out of gas  
The others are spent, boy  
From pushing your ride

The next hill's are steepest  
Better get down and behind  
All got to push  
To reach the other side

We were born one day  
Lived up 'til now

Calf in the field  
Nest on the bough

One day for sure  
We'll know if what's done is done  
We pass on with what we've got  
Or get back what we passed on

We pass on with what we got  
Or get back what passed on?  
We pass on with what we got  
Or just pass on?
