Ah, here we go  
To the other side of the tracks  
Um, maybe your best friends  
I don't think they're taking it back

No, no, no  
Don't let 'em get in your head

Yeah, you make a living  
Try to hit one over the fence  
Um, change your focus  
Don't have to make it make sense

Oh why, baby why?  
Don't let it bother your head  
My, oh my  
I hope it wasn't something I said

Boom boom boom, oh, we've been shaken now  
Boom boom boom, breaking the glass  
Boom boom boom, wait for a miracle  
Boom boom boom

Hey, let's keep it moving  
I think that our covers been blown  
Ooh, I know we've got our troubles  
And maybe we should let 'em alone

No, no, no  
Not really hard as they say

Ssh, I hear it too  
It's all just talk on the street  
Um, waves in the parking lot  
They all start taking the heat

No, baby, no  
Really not as hot as they say  
Oh, winds blows  
Get to Mexico in a day

Boom boom boom, oh, let me shake it now

Boom boom boom, breaking the glass  
Boom boom boom, oh, look at the miracle  
Boom boom boom

I stand in your shining light  
Comes and puts it day by day  
Light the fuse and get away  
I hope that they hear you calling

Boom boom boom, earth is shaken now  
Boom boom boom, breaking the glass  
Boom boom boom, ah, tiny miracles  
Boom boom boom

Now here we go again  
Running smooth on the tracks  
Yeah, everybody's beautiful  
It's love that's on the attack

Oh, high, baby high  
That's the other side of the bed  
My, oh my  
Doggy's still gotta get fed, oh

Boom boom boom, I'm shaken now  
Boom boom boom, breaking the glass  
Boom boom boom, it's a miracle  
Boom boom boom

Boom boom boom, I've been shaken  
Boom boom boom, breaking the glass  
Boom boom boom, tiny miracles  
Boom boom boom
