I wanna be free right now
Voices inside my head
I know I'll be free somehow
Quietest voices said

Oh, staying awake a while
Old movies in black and bliss
Lost and still found somehow
In a place like this, a place just like this

Little windows of fantasy
Her eyes telling what she sees
Stepping back from this world for now
I think that I'll be coming 'round
I think I should be coming 'round

Wanna be free somehow
See the forest for the grass
Wonder through it all
Through the looking glass

A smile appears in the tree branch there
Take the Hatter's words in jest
Don't wake her up, she could be dreaming you
Just taking a little rest, a couple of moments rest

Kids remembering just to be, make it up as they go
Oh, stepping back from the mirrors and smoke
And I think that I'll be coming 'round
Think I might be coming 'round
I guess that I'll be coming 'round

I wanna be free somehow
Voices inside my head
Oh, I got to be free right now
The quietest voices said

Settle in for a while
Some things we'll never miss
We're lost and still found somehow
What are you doing in a place like this?
Nice girl in a place like this

Like she's watching a comedy
She's laughing in her sleep
Drifting out of my body now
Don't think I'll be coming down
I don't think I'll be coming down
Don't think I'll be coming down
