Tyranno Rex ruled the earth
A kickin back his lazy chair
Skinny mammals beating their chest
Out the caves gonna catch a (?/nap)

Reptiles really joy the coolness (?)

All in a days time
From New York to Angeline
Fearless drive across the masses

Basking in the strobe
Of the new blue tv screen
Long before we where ever dreamed

We're in main (?????)
Faded waters of strength and commitment
Million years of/to (?) weather
Shark swims, armed with conviction
Several ladies blowin' the kisses

John Wayne lives
Riding off to another sunset
Learn to live each lie
Shaking off every bit of regret

Standing naked
